

Christopher Elder, PharmD, BCOP

BIO

Dr. Chris Elder, PharmD, BCOP is currently Associate Director of Pharmacy Clinical Services at Florida Cancer Specialists and Research Institute. Dr. Elder completed his undergraduate work with a B.S. degree in Biology/Chemistry from Point Loma Nazarene University in San Diego, California, followed by completing his Doctor of Pharmacy degree at South University School of Pharmacy in Savannah, Georgia. With a strong passion for patient care and clinical pharmacy, Dr. Elder completed both a PGY-1 pharmacy practice residency and a PGY-2 hematology/oncology residency at Cone Health in Greensboro, NC. He is board-certified in oncology pharmacy by the Board of Pharmacy Specialties. His areas of expertise and research interests include patient education, supportive care, patient safety, and immuno-oncology. Dr. Elder has multiple publications in peer-reviewed journals and has created and delivered content related to oncology supportive care for ACCP's Pharmacotherapy Board Certification/Recertification Prep Course. He also continues to serve in leadership roles on various committees with ATOPP, FLASCO, and NCODA.
